for care of Hall,	54.00	
Town Treasurer,	.70	
		<hr/> \$113.75

Settled the Above,

JOHN S. DREW, Janitor.

## REPORT OF TOWN LIBRARIAN.

**For the Year ending March 1, 1881.**

The whole number of books in the library, is about 650 volumes. Very many of the books are badly used up. So much so that it became necessary to withdraw them from general circulation by my predecessor, some of which I have glued up and are now in circulation, while others have been retained so that now the number in circulation is about the same as 1879. New books and old ones rebound are very much needed.

Respectfully Submitted,

B. B. WORTHEN, Librarian.

# Treasurer's Report.

**FRANK L. HUGHES, In Account with the Town of Ashland.**

	<hr/>
Increase of debt, 1880,	\$1,371.25

Respectfully Submitted,

F. L. HUGHES, Treasurer.

# Report of School Committee.

In compliance with the requirements of the laws of the state, I herewith submit the annual Report of our Public Schools, for the year ending March 1, 1881.

## REPORT OF THE BOARD OF EDUCATION FOR DISTRICT NO 1.

*To Henry C. Dearborn, Supt. of Schools for the Town of Ashland:*

Before the schools were commenced we found it absolutely necessary to establish a fourth school to accommodate the scholars; this we have done to the best of our ability.

We were immediately confronted with another difficulty. With what money we should have from the school fund we should not be able to have 30 weeks of school in the year. But the town kindly helped us out of that trouble by voting to raise a small sum more than the law requires, thus enabling us to have 29 weeks of school.

### SALARIES.

It has been remarked that we pay our teachers too much; perhaps we do, but we engage good teachers as cheap as we can. It is true that teachers can be obtained at a less rate, but our policy has been, and will be, that it is better to have 29 weeks of good school, than 30 of an inferior quality.

### TEXT BOOKS.

The classes in grammar were found to be somewhat deficient, especially in the higher grade, and upon examination it was evident that at least a part of the trouble was in the text book used; consequently we examined several others and finally took out all of the old books and gave the scholars new ones at a trifling expense and we hope to see an improvement.

The new speller we consider better than the others; and it was a very good bargain to get a new book for an old one.

The geographies have been so improved of late that to have an old and new one in the same class was almost as bad as two different books. It was thought best to require all the scholars to have the latest edition.

### TEACHERS.

One of our best teachers for the preceding year we were unable to engage for another term and therefore were obliged to hire a new teacher for the Higher Grammar School, who remained two terms and another was engaged for the winter term. Both teachers were well qualified for the position. More work might have been accomplished if the scholars had applied themselves more closely, realizing that they are young ladies and gentlemen and should behave as such. The Grammar and Intermediate schools have done as much work as was expected and have been well managed. Our Primary school teacher is doing a most excellent work. Here the foundation is being laid for the future success of our schools. We think we have the right teacher in the right place.

### GRADING.

Unless there are certain standards to which each individual scholar must attain in proficiency before passing from one grade or class to another, there will be no graded schools. Having this in view the board have established a standard, (a very low one to be sure) to which each scholar is obliged to attain by a thorough examination before passing on to the next grade or class. This rule if strictly adhered to will surely result in an improvement in our Higher Grammar school.

Higher Grammar, H. J. Hoyt,  
 " L. A. Harriman,  
 Grammar, E. J. Fellows,  
 Intermediate, M. F. Ladd,  
 Primary, C. F. Clement,

No. of terms.	No. of weeks.	Whole No. scholars.	Average attendance.	Per cent of daily attendance.
1	29	26	17	942
3	29	37	29	97
3	29	50	31	93
3	29	50	37	94

J. F. KEYES, Chairman.

M. D. SHEPARD, Secretary.

### DISTRICT NO. 2.

This school has been in charge of a teacher of considerable experience and ability. She has taught several terms in the same district before and well understands the wants of the school and how to supply them. This school has made excellent progress and the result has been very satisfactory.

### DISTRICT NO. 3.

The first term of this school was broken up by sickness among the scholars. The remaining terms have been very pleasant and profitable. This teacher has also been employed before in the same school and the results prove the wisdom of the committee in retaining her.

### DISTRICT NO. 4.

Excellent work has been done here the past year. I have been highly pleased with the examinations and closing exercises of each term, also, to meet other visitors from the District, showing an interest in the welfare of their school, which is commendable.

### DISTRICT NO. 5.

I visited this school at its commencement but was unable to attend the closing exercises. The teacher was young and inexperienced; but from information obtained from others interested in the school, I have reason to believe that the best of order prevailed and good advancement made, considering the small amount of schooling they have. The Register from this District was very unsatisfactory.
